From the Undivided Surplus a Dividend will be apportioned to each Policy which shall be in force at its anniversary in 1875.

Insurance in this Company **Costs Less than any Other**, for while its Premiums are as Low, its Dividends **are larger than those of any other Company**

Dividends declared and paid in cash at the end of first year, and annually thereafter.

Its Securities are **BETTER**—its Expenses **SMALLER** than any other.

Many of its Policies have nearly double in amount during the past 20 years, and the CASH Dividends, in many cases **are more than the Annual Premiums**, so that in a few years Policies become self-sustaining. No other Life Company in this country, or the world, has shown such results, or presents such advantages.

THE PRESS.

FRIDAY MORNING, FEB 5, 1875

EVERY regular attache of the PRESS is furnished with a *Card* certificate countersigned by Stanley T. Pullen, Editor. All railway, steamboat and hotel managers will confer a favor upon us by demanding credentials of every person claiming to represent our Journal, as we have information that several "bummers" are seeking courtesies in the name of the PRESS, and we have no disposition to be, even passively, a party to such frauds.

We do not read anonymous letters and communications. The name and address of the writer are in all cases indispensable, not necessarily for publication but as a guaranty of good faith.

We cannot undertake to return or reserve communications that are not used.

Mutual Fish.

Hail to the newly incorporated "Cranberry Isles Mutual Fish Company"! There is in its name a rare union of poetry and prose. We have here a shadowy reminiscence of the early days when wide-eyed discoverers came down along the mysterious coast and gazed wonderingly at fairy islands, blooming with verdure and covered with the vines of the succulent fruit—*oxycoccus macrocarpus*—the ruddy cranberry. We have, also, combined with this romantic title, and toning down its too predominant sentimentalism, the highly prosaic and utilitarian notion naturally associated with fish. Fish, too, in a new and amiable light. Not fish isolated and haughtily assuming a position of antagonism toward each other and toward the finless members of the animal kingdom; not fish severely repelling all association, proud of their rank as a distinct order in creation and resisting all attempts to confound the *ego* with the *non ego*. Not at all. But fish amenable to the humanizing influences of modern thought and progress—fish cheerfully making that surrender of personal prejudices which is the first requirement of living in the social state—fish reciprocating, cooperating, in short, *mutual* fish.

The "mutual friend," to say nothing of the social disrepute into which it has fallen of late, has been hunted out of learned circles by fastidious pundits, who object to predicating interchangeableness of a human being. The late Dr. Webster shared in the prejudice against the phrase and spoke of it with marked disrespect in his dictionary. No doubt lexicographers will soon raise a hue and cry about the "mutual fish" and if it comes to the ears of Richard Grant White he will let loose upon it all the dogs of war. But it may be safely predicted that the reciprocal fish will prove too strong for all the wiseacres—especially the mutual porgy in his season.

A few years ago the legislature, having taken in its capacious maw the primal germ of a Franklin county cheese company, was wearily getting on through all the stages of legislative deglutition and assimilation—referring to a committee, reporting from a committee, reading once, twice and thrice, engrossing, enacting, sending from one house to the other and so on—when a squeamish member discovered that the inchoate corporation had been christened the "*Strong* Cheese Company," from the name of the town in which it was to flourish. So a name less unpleasantly significant was procured on the spot and the "Sandy River Cheese Company" figures in current history to this day. We hope that no such qualms will seize the gentlemen legislators of 1875, causing them to nip the mutual fish in the bud. (The cranberry part of the name permits this apparent mixture of metaphor.) Let him blossom! Let him thrive! The fish is respectable from any point of view. In the heterogeneousness of hash he is great. And the mighty cod in the Massachusetts State House, soaring above the heads of the law makers and shedding a rich phosphoric influence over minds that brighten and glow in his—may we say "beams"?—is sublime. Let our mutual fish come unchallenged into the world to be a thing of brightness and beauty forever. Nor let the company claim hereafter, with the proverbial selfishness of corporations, that the attribute of mutuality belongs to it and not to the fish. Let no impertinent intrusion of comma or hyphen divorce what the legislature has joined together.

But we had a high moral purpose in view when we began, intending to use the Cranberry Isle Company merely to point the moral. And we hereby expressly and formally disclaim any disrespect for the company or its name which is just as good as "Mutual Life" and other names which have ceased to be funny because they are old. What we meant to say was that there is too much fish and other scaly stuff about the legislature. Look through the proceedings of any day and see if biennial sessions would not be amply sufficient for the transaction of public business, could the fish companies, cheese companies, and other private corporations be induced or compelled to organize under general laws. But there is some indefinable attraction drawing them all toward the legislature, whether it be necessary or not. For several years there has been on the statute book a law under which manufacturing, mining and quarrying companies can organize without enlisting the services of 182 men at Augusta, with all their paid auxiliary powers and assistants and without taxing the state to pay for these services as well as for all the necessary printing which is no small item. But we have never heard that a single company has been formed under it. All men rush to the legislature for there char

Legislative Matters.

The Constitutional Commission—Hearing on Petition of the Maine General Hospital—Another Regiment of Infantry Wanted, etc., etc.

[Special to the Press.]

AUGUSTA, Feb. 4, 1875.

In the Constitutional Commission to-day, Mr. Madigan offered an amendment to the proposition authorizing the Legislature to allow towns to loan their credit to the amount of five per cent of their valuation to railroads, to the effect that towns may be empowered to exempt from taxation for a term of years such capital as may come from beyond the limits of such town to be invested in manufacturing purposes. The amendment was voted down, 5 to 5. The second report of amendments in due form was reported by Mr. Talbot. The article relates to the removal of officers by the Governor, and is as follows:

SEC. 1. The Governor may suspend from office the State Treasurer, the Attorney General, and any sheriff, county attorney, county commissioner, register of probate, or register of deeds, for insanity or imbecility, or corrupt practices, or gross or wilful non-feasance or malfeasance in office, after such officer shall have been furnished with specifications of the charges against him, and has had opportunity to be heard in defence; and may appoint another person to perform the duties of such suspended officer.

SEC. 2. If there shall be no session of the Legislature after said suspension, and before the expiration of the term of office of said suspended officer, then such suspension shall be an absolute removal of such officer. But if there be a session of the Legislature after said suspension, and before the expiration of the term of office of such suspended officer, such suspension shall not be a removal from office unless the Legislature, after the examination of the charges, which the Governor shall submit to it, shall sanction the action of the Governor. No person removed from office with the sanction of the Legislature after the examination of the charges, which the Governor shall submit to it, shall be again eligible to the same office. Vacancies in said offices by reason of removal shall be filled by appointment or by election by the Legislature, or by the people at the next election for Governor, senators and representatives, as the constitution or law may prescribe in relation to said office.

Adopted, yeas 8, nays 2—Gilbert and Pike.

Mr. Haines presented report No. 3, entitled "Restrictions upon Municipal Corporations," as follows:

SEC. 1. Municipal corporations shall not give money or property, lend their credit, incur any liability, or raise money by taxation, except for municipal purposes; *provided*, however, that any such corporation by a two-thirds vote, at a legal meeting called for the purpose, may raise by tax or loan a sum of money not exceeding five per cent. of its regular state valuation at the time, in aid of the construction of railroads; and that any such debt shall be paid within twenty years by annual taxation of not less than five per cent. with accruing interest.

Unanimously adopted.

Mr. Libby presented report No. 4 entitled an amendment to article 9, as follows: "Amend article 9 of the Constitution by striking out section 8 and inserting instead thereof the following:

SEC. 8. The Legislature shall never in any manner suspend or surrender the power of taxation.

SEC. 9. All taxes shall be uniform upon the same class of subjects, and shall be levied and collected under general laws.

Adopted.

The Financial Committee gave a hearing this evening in Senator Palmer's room at the Augusta House, to the friends of the Maine General Hospital. In addition to the members of the committee, there were present Drs. Gilman and Dana of Portland, Dr. Hill of Augusta, Hons. W. L. Putnam and H. H. Burgess, H. N. Jose, Esq., of Portland, and several others. Dr. Gilman set forth the wants of the hospital stating that there had been 35 patients since the institution was opened. Of that number but four are from Portland, the balance coming from all parts of the state. The hospital can now accommodate 50 patients. The friends of the institution desire to increase its capacity to 100 patients. They can do this with $10,000. He further elaborated the plan and purposes of the institution.

Mr. Putnam followed, urging the claims of the institution upon the whole state.

Dr. Dana also spoke of the work and needs of the hospital.

Dr. Hill said that the institution was as perfect as any in the country. He was proud of it and felt that the state should be. He had already sent patients there and they had derived benefits they could not elsewhere.

Mr. Jose gave a detailed account of the cost of extending the accommodations.

Mr. Burgess also spoke in favor of the appropriation.

It appeared in the course of the hearing that the citizens of Portland had already contributed $90,000 to found the institution, and considerable subscriptions were now being secured. It costs patients in the wards a dollar a day. The purpose is now to complete wards where patients can be charged from $2 to $5 a day. None are refused. The remarks of the gentlemen seemed to meet with favor. Letters were read from patients, setting forth the benefits of the institution.

Gens. Chamberlain, Beal, Brown, Mattocks, Col. Benson, Adjutant Adams, Adjutant General Murray and other gentlemen connected with the organized militia, had an interview with the Military Committee in the Senate chamber this evening. Gen. Chamberlain favored the organization of another regiment of infantry, and thought that $20,000 should be appropriated to military purposes. There was a free interchange of opinion on the subject.

The Senate to-day rescinded the order to print a large number of school laws because of the irregular character of such legislation.

Among many acts approved by the Governor to-day, was that granting further power to the city of Portland.

Another Wasson remonstrance against cutting down the agricultural reports came to-day. It will probably be the last.

Another breezy lobster meeting to-day, resulted in an agreement upon a bill providing that lobsters may be caught and sold at all times, but that none shall be canned from August to Oct. 1st.

The Committee on Fisheries agreed to report a bill to incorporate the Cumberland Fishing Association, being a change of name from the Androscoggin Fishing Association.

After a protracted hearing, the Banking Committee agreed to report a bill to incorporate the Peoples Savings Bank of Lewiston.

The Committee on Interior Waters have decided to report a bill giving the Auburn Acqueduct Company the right to take water from Wilson pond, through a six inch pipe, for strictly city purposes, and to prohibit the furnishing of water from the pond for Lewiston, giving the city of Auburn the privilege of buying the works any time within twelve months from their construction, with ten per cent. additional. The committee will probably report, giving the Lewiston Water Company a perpetual charter, so that the two cities shall have two distinct companies. The committee hope to clear up the table at their next meeting, on Wednesday, and report finally on Thursday.

The Judiciary Committee, after long consideration to-day voted to report a bill to enforce the collection of taxes assessed in 1874 upon railroads. the proceedings to be by warrant of distress issued by the treasurer of the state upon the property and franchise of the road, the roads to have the right of replevin of such property. The principal object of the bill is understood to be to bring the matter into the courts so that the legality of the act by which the tax was assessed may tested. Thisis substantially what the delinquent roads asked. The interests of the state are carefully guarded by the bill.

The Committee also reported a bill simplifying the proceedings for relief of poor debtors, reducing the cost and providing for the appointment of commissioners by the courts for this purpose.

The Committee on Military Affairs voted to report a resolve appropriating $9000 in favor of the Bath Military and Naval Orphan Asylum.

FIFTY-FOURTH LEGISLATURE

[Special to the Press.]

SENATE.

AUGUSTA, Feb. 4.

The report of the Bank Examiner was received and referred to the Banking Committee.

The Committee on Judiciary reported ought to pass on the bill to amend chapter 18 of the R. S., in relation to ways.

The Committee on Agriculture reported a bill to prevent cruelty to animals. Sec. 1 provides that any officer or agent of a society for the prevention of cruelty to animals may lawfully interfere to prevent cruelty in any case, and the person who obstructs such officer shall be adjudged guilty of a misdemeanor. Said agent may lawfully destroy any animal found abandoned and so diseased as past recovery for any useful purpose. When a person arrested for cruelty has in his charge any animal or vehicle, the same shall be taken in charge by the officer. When complaint is made upon oath to any magistrate, that functionary may issue a warrant and the officer may search any building where he has reason to believe this law is to be violated, and arrest any person he may find therein committing such offence. In this act, and in every law of this State relating to or affecting animals the singular shall include the plural; the words "animal" or "dumb animal" shall be held to include every living creature; the words "torture, torment or cruelty" shall be held to include every act, omission or neglect whereby unjustifiable physical pain, suffering or death is caused or permitted; and the words "owners" and "persons" shall be held to include corporations as well as individuals, but nothing in this act shall be construed into forbidding shooting birds for human food. The bill was ordered to be printed under the rule.

The Committee on Railroads reported ought to pass on the bill to amend the charter of the Portland & Ogdensburg railroad, allowing them to contract with other roads.

The Committee on Education reported that legislation is inexpedient on the order to regulate the course of study in Normal schools.

The Committee on Agriculture reported ought to pass on the bill for the protection of moose.

The Railroad Committee reported ought to pass on the bill allowing the P. & R. road to lay side track in Portland.

The Committee on Judiciary reported a bill and that it ought to pass, on the petition to abolish the death penalty. The bill is as follows:

Be it enacted, etc.—

SEC. 1. Murder and arson hereafter committed shall in all cases be punishable by imprisonment for life, with such solitary confinement as the judge passing sentence may direct.

The order relating to the pay roll of senators introduced by Senator Haskell, was reconsidered and amended as follows: Strike out all after the word "ordered," and insert "that the Committee on Pay Roll in making up travel of senators and representatives follow the rule laid down in the constitution, which provides that their expenses in travelling to the Legislature and returning therefrom once in each session, and no more, shall be paid by the state out of the public treasury to each member."

The resolve to pay the county of Knox for the expenses of the trial of Chas, T. Robbins, produced the first debate of the session.

Mr. Swasey thought the county of Knox should not be reimbursed any more than the county of York for the trial of Wagner.

Senator Haskell thought it was only a case of equity to reimburse the county of Knox, inasmuch as the crime was, in his opinion, committed out of the jurisdiction of the United States, and the trial should have been had in another country, and as the state assumed the jurisdiction it should assume the expense.

Senator Emery proceeded to give a history of the case. He took the same ground as Senator Haskell in regard to the usurpation of the right of trial. The county of Knox has no claim at law, but it is a case of justice. He thought the state should in all cases pay the costs in capital cases.

Senator Swasey thought there is not usually a murder committed until some one dies, and Camp died at Rockland, in the county of Knox. He believed in the old saying "to be generous, but to be just before you *are* generous. He thought it was establishing a precedent which would be heard from hereafter in continual calls upon the state treasury.

There was a short debate upon the question as to whether the resolve should have its second reading, but the question was carried.

The Committee on Judiciary reported a bill concerning foreign railroads, compelling the payment of a judgment found against them within sixty days.

Bills passed to be enacted in the House yesterday were passed in the Senate to-day.

HOUSE.

Senate papers were disposed of in concurrence,

The bills passed to be engrossed in the Senate yesterday were read and assigned for to-morrow.

The House refused to suspend the rules and the following papers were referred to the next Legislature, viz.: Resolve in favor in Silver Ridge; petition of inhabitants of Silver Ridge for aid on roads.

An order was presented directing the Judiciary Committee to report what mileage is allowable to members of the Legislature, but the House refused to suspend the rules and the order went to the Legislature of 1876.

Several petitions respecting topics under consideration were admitted and referred.

The Judiciary Committee reported reference of petition of James Farwell for change of school and meeting house lots in Education Committee.

Reports of Committees—Legislation inexpedient was reported on order relative to deducting money expended for free high schools from school funds before apportioned to the state; same on order relating to repeal of chapter 255 of the laws of 1874; same on order relating to repeal of free high school law; leave to withdraw was reported on petition of G. W. Ladd for pension; same on petition of D. W. Kincaid et als., to be incorporated for the purpose of running a steam ferry boat between Portland and Cape Elizabeth; same on petition of Hiram Berry et als., to be set off from Palermo to Liberty; same on petition to incorporate Alagash Dam Company.

Read and assigned—The following bills having been favorably reported upon by committees, were read and assigned for to-morrow: To incorporate Monson Pearl Slate Company; to incorporate the Mammoth Silver Mining Company; to incorporate the Cedar Brook and Swift Cambridge River Improvement Company; to incorporate the Maine Boot and Shoe Company; to incorporate the Wood & Bishop Foundry Company; to incorporate Mystic Tie Lodge of Pythias of Saco; to authorize the Cobb Lime Company to increase its capital stock to $800,000; to incorporate the Union Slate Company; to incorporate the Ball Hill Brick Yard Company; to incorporate the North Windham Manufacturing Company; to amend act to supply Lewiston and Auburn with pure water; to charter the Oldtown Water Power Company; to extend charter of Georges' Valley Railroad Company; to reimburse the Biddeford Light Infantry; resolve in favor of Eli Goss of Portland, increasing his state pension $4 per month.

The petition of Augustus Webb et als., relative to prohibiting fish weirs in Medomak river was referred to the Fisheries Committee.

Legislation inexpedient was also reported on order relating to lien by farm laborers on farm products.

The Committee on Federal Relations having attended to all the business assigned it, was discharged.

Under a suspension of the rules Mr. Talbot presented an order requesting the State Prison Committee to report a bill fixing the salaries of officers of the State Prison.

The Senate order calling upon the Secretary of State for the amount expended the past five years for schools and charitable institutions, after several amendments was referred to the Ways and Means Committee.

Passed to be enacted—Act to authorize T. L. Roberts to build a wharf; to extend time of location of Cumberland County Central Railroad; to incorporate Unity Park Association; to incorporate North Waldo Slate Company; to incorporate Maine Pure Blood Jersey Stock Association; for extension of wharf of Dorcas Webster of Eastport; to incorporate the town of Talmage; to incorporate Carmel etc. Cheese Company; to incorporate Bangor and Ellsworth Steamboat Company; to incorporate the Manhaden Mutual Fire and Marine Insurance Company; to incorporate the Prospect Cheese Company; to incorporate the town of Medway.

The acts to incorporate the St. Augustine School at Topsham, and to make valid doings of district No. 2, Monroe, were tabled pending enactment.

Resolves in favor of the county of Aroostook and in favor of schools in Pelham and Woodland Plantations were finally passed.

The following bills, reported by committees, were printed under the rules: Bill relating to the supervision of the schools of Bangor; bill to amend liquor laws—(it provides that persons knowingly bringing into the state or transporting them from place to place, shall be subject to the same penalties as those who shall sell in violation of law; also that liquors may be seized in transit); also bill relating to contested election cases—(provides that notice of intention to contest the seat of a member in the House, with his reasons, may be served on each member by contestant any time subsequent to the election and fifteen days before organization, and that all testimony shall be taken within three days after organization except in extreme cases, also that contestant shall present notice of same within three days after the meeting of the House); also bill to provide for assistant town treasurers in certain cases.

The House relented before adjournment and referred the resolve and petition from Crystal Plantation.

Inspection of the Agricultural College.

The members of the State Agricultural Committee arrived here from Augusta this evening and to-morrow they will make their annual visit of inspection to the State College of Agriculture and Mechanic Arts at Orono.

NEW YORK.

THE SCANDAL.

Continuation of Tilton's Cross-examination.

NEW YORK, Feb. 4.—The Brooklyn city court room was again filled this morning, many ladies being present in addition to those usually in attendance. Mrs. Tilton, Mr. Beecher, his wife and two sons were present.

Mr. Tilton resumed his place on the stand and his cross-examination was continued by Evarts. He was shown a paper which he denied not identify as the letter written by Mr. Beecher to the Cleveland convention, which covered the political difference between Mr. Beecher and himself. Witness said: I cannot remember anything that would recall the difference between him and me at that time, nor can I remember the year that the discussion between him and me related to the politics of the times. It was then the general belief of the Republican party that he had betrayed it. I was then with the general bulk of the Republican party, and Mr. Beecher was a supporter of Andy Johnson. From that period there were no accessions which brought us together on public oicasions.

I first took part in the woman's rights movement after Mr. Beecher's lecture in the Cooper Institute. The chief denunciations I have made against the marriage relations are since the time Mr. Beecher invaded my house. (Shown a letter.) I am the writer of this article and it was published by me. The article was dated Dec. 3, 1869.

An article was read, headed "Love, Marriage and Divorce." The article is opened by analyzing the substantive "love," defining the marriage state, and ended with a relation of the causes of divorce. The witness was shown another paper which he identified. He said the original was printed in the Golden Age in August 1, 1873. I can procure for you the original and the paper which contained it. The witness promised the original this afternoon or to-morrow. An extract was read from an article published in the Golden Age of October 14th, 1871. Mr. Tilton's reply to this article, which was attached, was also read and placed in evidence as bearing on his free love doctrines. Mr. Evarts read a poetic effusion of Tilton's, published in the Golden Age on Aug. 1, 1873, and it was placed in evidence. Witness also identified another article written by him and published in the Golden Age Sept. 9, 1871. the article entitled "Theodore Tilton's Rejoinder to Horace Greeley." Mr. Beach insisted that the paper to which this was a reply should also be put in for counsel to see, and a brief argument ensued over this point. Mr. Evarts replied that this discussion of Bowen, Greeley and Mr. Tilton covered more than one subject, and they only desired to read one part of the article.

The controversy was settled by the reading of the paragraph relating to the subject from Greeley's letter giving an illustration of what he (Mr. Greeley) meant by free love. The paragraph from Tilton's rejoinder was read, stating that it seemed to him (Tilton) that Greeley inferred by that paragraph that he was in favor of free love, but this Mr. Tilton disclaimed. Other portions of the same article were read referring to divorces between parties not mated and advocating the right of divorce for cruelty and ill treatment.

Witness was shown another article published in the Golden Age which was an extract from the Troy Times. He could not recognize it, stating that editors of papers were sometimes the parties who least read them. Mr. Beach objected to the article being read, as witness could not recognize it. Court ruled out the article as he stated that editor could not always be held responsible for what appeared in his paper. Witness stated that he never saw the article until now, and neither with his consent or against was it published. Another number of the Golden Aage, dated September 13th, 1871, containing another article was shown Tilton.

After objection on the part of Mr. Fullerton and a long discussion, the judge ruled that only those articles could be introduced written by himself or published with his sanction.

Witness was then shown the article and said he did not write it and never observed it until two or three weeks after his attention was called to it, he expressed a great deal of dissent to its publication. It was written by an Orthodox member of Beecher's congregation who was a lady. He did not disavow it in his paper. The court here took a recess.

After recess Mr. Tilton was accompanied by Mrs. Tubbs, Mrs Putnam, Mrs. Phelps and Mrs. Dunkley in addition to her usual escort. Judge Neilson came in with county treasurer Gardiner and Ex-Judge Gale, who were accomodated with seats beside him on the bench.

Tilton's cross-examination was continued. He was shown a pamphlet which he identified as a biographical sketch of Mrs. Woodhull, of which he spoke and which was placed in evidence.

Mr. Beach said that he did not deem this evidence admissible. It was revised for publication and corrected by Mr. Tilton and was prepared by Woodhull's husband.

The court ruled out the publication after considerable argument and an exception was taken to this ruling.

The letter written by Beecher on Aug. 30th, 1866, in relation to the invitation to preside at the convention of soldiers and sailors to be held at Cleveland was placed in evidence and read by ex Judge Porter, to which exception was taken by the prosecution.

Before the year 1870 I thought I knew Mr. Beecher thoroughly. I became acquainted with Beecher when I was about 15 or 16 years old. I then attended his church and Sunday School, but do not think he had been crippled in materiality of strength and repute. He always seemed to me like a big boy. I don't remember asking Beecher to visit my house during my absence, though I may have done so. The last time I visited his house I think was in 1861, when I brought a communication from Washington for his son. I had a portrait of Beecher for which he sat in the fall of 1868, and it was finished in the spring of 1869. I told him I wanted the portraits of men who had been connected with my earlier days and interested in the cause of liberty. These men were Greeley, Phillips, Sumner and Beecher. Beecher seldom visited my house in Oxford street, but I frequently visited his house on business. My wife visited his house occasionally during these earlier years. I always urged Beecher to visit my house more frequently.

My first prolonged absence from home on lecturing tours in the west began in 1864 or 1865 and continued up to 1871 and 1872 and lasted from the fall till the spring.

One or two little incidents occurred before 1870 in the demeanor of Beecher and Mrs. Tilton which drew my attention to them, but nothing occurred late. For many years Moulton and I had been mutual friends and our affection for one another was very strong, lasting from boyhood till the present time. Prior to the first of Jan. 1870, I rarely took my meals at his house, but we were together very frequently. After my difficulties there was no man in my esteem who could be so well trusted as Francis D. Moulton. I think he is the successor of Sir Phillip Sydney in all that is high, noble and honorable.

The court at this point adjourned for the day.

The Emma Mine in Court.

The suit of the Emma Mine Company against Trenor W. Park, H. H. Baxter and William M. Stewart, claims that by several fradulent, deceitful and wicked devices, the plaintiff was induced to purchase, and did purchase the premises of the mine at the price of £1,000,000 sterling, or about $5,000,000 in money of the United States, and falsely represented to the plaintiff, and did cause the plaintiff to believe that the premises were worth the sum aforesaid, whereas, in truth and in fact, the said premises so purchased were not worth more than a million dollars. The company, or the English stockholders, desire damages of the defendant to the amount of $5,000,000, and summons have been served on them from the Supreme Court.

The Freight Question.

After the adjournment of the railroad conference last evening, the general freight agents of the eastern trunk lines met for preliminary consultation as to the rates to be adopted and agreed to leave them at the dollar basis, adopted Jan. 20th for west bound freight. The western agents will be informed by telegraph of the action of the meeting and requested to establish without delay their tariff on east bound freight.

Forty-Third Congress—Second Session.

SENATE.

WASHINGTON, Feb. 4.

It was agreed to occupy till 2 o'clock for the consideration of bills from the Committee on Claims.

Mr. Washburn, from the Committee on Claims, reported adversely on the bill to pay certain persons and corporations for losses sustained by the so called St. Albans raid on the 18th of October, 1864, and it was indefinitely postponed.

Mr. Anthony of R. I., from the Committee on Printing reported favorably on resolution to print statements of the Court of Claims in regard to judgments rendered, and the annual report of the Commissioner of Patents, which was passed.

Mr. Edmunds introduced a bill to amend act to establish a uniform system of bankruptcy throughout the United States. Referred to the Committee on Judiciary.

Mr. Pratt, from the Committee on Pensions, reported with amendments the Senate bill amending the pension laws, so as to remove the disability of those who having participated in the rebellion have, since its termination, enlisted in the army of the United States and become disabled. Placed on the calendar.

Mr. Washburn of Mass., from Committee on Claims, reported with an amendment the Senate bill to pay the First National Bank of St. Albans, Vt., $28,650, it being the amount of U. S. notes held by said bank as the financial agent of the United States, forcibly taken away by the raiders from Canada on the 19th of Oct., 1864. Placed on the calendar.

A number of bills from the Committee on Claims were passed, including the Senate bill for the relief of Peasley and McKay of Nashua, N. H., and the House bill for the relief of N. U. Dumple of Mass.

Mr. Logan, from the Committee on Military Affairs, reported back the House bill to provide for the relief of persons suffering from the ravages of grasshoppers. Passed.

On motion of Mr. Morton the Senate proceeded to the consideration of the concurrent resolution to repeal the 22d joint rule and modified the resolution for its repeal so as to provide that the rule shall read, "No objection to the reception and counting of any electoral vote or votes from any state shall be valid unless such objection is sustained by an affirmative of the two houses."

After a discussion it was referred to the Committee on Privileges and Elections. Adjourned.

HOUSE.

Immediately after the reading of the journal the debate on the civil rights bill was continued by Mr. Blount of Ga.

The galleries were thronged, the colored element largely predominated. There was very little interest or excitement on the floor, most of the Republican members being in the lobby and committee rooms.

Mr. Sener of Va., denounced as brutal an attack made on him by a Washington newspaper.

Mr. Hoar of Mass., spoke briefly in reply to Mr. Blount, after which Mr. Hale of New York obtained the floor and in a short speech defended the constitutionality of the bill before the House.

When Mr. Hale concluded loud calls came from the Democratic side asking if he knew of a state in the south where the provisions of the 14th amendment were not in full force.

Mr. Hale replied he could not say, whereupon Mr. Lamar of Miss., who walked from his seat half way across the hall to Mr. Hall's desk, declared that if there was in all the statute books in the Southern States a single law in conflict with the amendment he was equally with him (Hale) ignorant of it.

Several members crowded around Hall and Lamar, and for a few minutes there was quite an excitement which, ended in a burst of applause and laughter by the opposition at the declaration by Lamar that the negroes in Mississippi had more privileges in the railroad cars and elsewhere than have the whites.

At 1.30 p. m. there were at least 2000 people in and immediately surrounding the hall. The lobby around the galleries were crowded with persons endeavoring to obtain admission within the halls, which was utterly impossible. The attendance was the largest this winter. Perfect order prevailed, and the members of the House presented much its usual appearance. A dark fringe of clerks, ex-members and others entitled to the floor, ran around the outer circle of seats. Reverdy Johnson, Vice-President Wilson and ex-Senator Wade are the only prominent persons on the floor.

Mr. Cain (colored) from South Carolina made several witty hits in the course of a ten minotes' speech, which won applause and provoked the laughter of the floor and the galleries, the House being in good humor.

2.20 p. m.—The debate on the civil rights bill continues. Messrs. White and Caldwell of Alabama have spoken, the former in support and the latter in opposition to the measure.

Mr. Eldridge of Wis. now has the floor. The proceedings are devoid of interest. More than half the members are absent from the hall.

Mr. Scofield, from the Committee on Naval Affairs, made a unanimous report acquitting Stowell of Va., of charges made against him of selling a naval cadetship, and the report was agreed to. The House at 5.40 took a recess till 10 o'clock to-morrow morning.

A Burning Coal Mine—Wonderful Escape of Miners.

OSAGE CITY, Kansas, Feb. 3.—This place, which is settled by coal miners, was thrown into a frightful excitement just after noon today, by the breaking out of a fire in the shaft of the Osage Mining Company. Thirty men and three boys were at work in the mine at the time, and as the flames shot out of the shaft high into the air, mothers, wives and children rushed to the scene, which was rendered harrowing to a heartrending degree. With little or no water the situation was horrible, until an engine happened to arrive with a full tank. This and several barrels of salt water were emptied into the blazing shaft. While the fire was at its height, the head of a man appeared in the flames, and as he was drawn to the surface he fainted. This was two hours after the fire began, and soon after a man named Marks bravely went down the shaft to rescue those who remained beneath. They soon appeared coming up one after another, some with strength enough to hold on to ropes, others unconscious. By half past four o'clock every man was saved, and the town was wild with rejoicing. The escape of the men was wonderful.

Minor Fires.

The office of the Cheokee Advocate, at Tahlequat, Indian Territory, was burned Tuesday, with his contents. Loss $7000; no insurance. RAILROAD ACCIDENT.

Four Men Scalded to Death.

NEW YORK, Feb. 4.—An accident on the South Side Railroad last night was caused by an embankment being washed away, carrying away some fifty feet of track. A passenger car being pushed by a locomotive plunged into the gully, which was full of water, the engine following. As soon as the latter reached the water the boiler exploded, blowing the passenger car and engine into pieces. The engineer, James Scott, Road-master Eli Thorpe, Fireman B. Callahan, and Brakeman Benjamin Carman were instantly killed. The conductor, F. Ransom, was jammed between the cars and probably fatally injured. A brakeman, name unknown, will also die. Assistant Superintendent Barr was wounded and burned, but was able to carry the conductor Ransom to a house in his arms. The neighbors rendered all assistance when the accident was known, and worked nearly all night in getting the bodies of the above out of the ruins.

New York Stock and Money Market.

NEW YORK, February 4—*Evening.*—The only sensation in Wall street this afternoon was the Washington rumor that Secretary Bristow would sell some of the new 5's now in Europe, the proceeds to be applied to the cancellation of legal tender notes under the Senate financial bill. The effect of this was to depress both stocks and gold at close of the day.

Money was easy at 2@3 per cent. on call. Foreign Exchange dull and heavy at 483½@486 for bankers 60 days and 484½@489 for demand. Gold opened at 114¼, declined to 114¼, advanced to 114¾ and reacted to 114¼, at which it closed; the carrying rates were 1 @ 2½ per cent.; loans were also made flat. The Assistant Treasurer paid out to-day $496,000 on account of interest and $108,000 in redemption of bonds. The customs receipts to-day were $229,000. Operations of the Gold Exchange Bank—gross clearances $114,463,000; gold balances, $2,517,109; currency balances, $2,852,500. Clearing House statement: currency exchanges $84,682,640; currency balances $3,815,397; gold exchanges $11,166,555; gold balances $827,301. Governments were slightly lower, closing steady. State bonds were dull. Railroad mortgages quiet and steady. Stocks during the forenoon were firm and higher; the leading feature was Northwestern common, the advance which was from 45 @ 47½; the advance in the balance of the list was ½ @ 1 per cent. in some cases. There was a decline of ¼ @ ½ in early dealings, but this was afterwards recovered. In the second board prices were generally at the highest point. After the board Northwestern declined ½ per cent. and the remainder of the list ¼ @ ½ per cent. The market was weak during the last hour and prices declined ¼ @ 1 per cent. from the highest point of the day; North Western common fell from 47½ @ 46½; Pacific Mail fell from 36½ @ 35¾; Union Pacific from 40½ @ 39½; St Paul from 38½ @ 37½ and Western Union from 74½ @ 74¼. The market closed dull. The total transactions at the Stock Exchange aggregated 183,000 shares, including York Central 22,300 shares, Erie 6500 shares, Lake Shore 28,900 shares, Chicago & North Western 30,100 shares, Rock Island 4100 shares, Pacific Mail 12,300 shares, St Paul 11,300 shares, Ohio & Mississippi 4500 shares, Western Union 46,100 shares, Toledo & Wabash 1900 shares. Union Pacific 27,700 shares, Indiana Central 1200.

THURSDAY.—Ivory Goodwin vs. Caleb B. Clark et al. Assumpsit. To recover for goods furnished and labor performed for defendants at Bay View House, in summer of 1872—$433.89.

Defence—Plaintiff was employed to tend bar and bowling alley. For that service $150 we say he has been paid; but if we have not proved payment we say that he cannot recover for services performed in selling liquor contrary to law. Another part of the bill is for cigars and tobacco. For that we say he cannot recover because he had no United States license therefor. The rest of the bill was mostly for champagne. For that he cannot recover because sold contrary to law.

Verdict for plaintiff for $307.47.

Inhabitants of Berwick, appellants from County Commissioners' location of a highway on petition of Hiram Walker and others. On a petition the Commissioners located the road in question from in front of the town house in Berwick, to a point in South Berwick village. The petitioners were nearly all South Berwick parties, and the new road passed through some of the best South Berwick farms, and nearly parallel in some portions to a road already in existence, and saved only a few rods travel. The The inhabitants of Berwick appealed from the location, and at the May term of court a committee was appointed to consider the matter. It consisted of H. Fairfield, George H. Wentworth and George S. West. They have made their report, reversing in a part the action of the County Commissioners; they reverse the location of that portion in Berwick, but affirm so much of the proposed road as lies within South Berwick—only a few rods.

Capt. Leavitt has disposed of his book relating to the scandalous life of George IV., for a very handsome sum.

F. O. Bailey & Co. yesterday sold the remainder of the wreck of the Georgia for $530 to James Powers & Co. of Boston, and Col. Edward Moore of this city.

As the tug W. H. Scott was towing the brig Ethel Belton into the wharf yesterday morning, the brig ran into the stern of the schooner Gladiator and stove the latter vessel's boat.

A sailor named John Watson lost his balance yesterday while fastening a boat in the rear of Thomas' block, and fell into the boat, breaking his collar bone.

The managers of the Museum have arranged for an extra train to run in from Gorham Saturday night and return after the entertainment is concluded, for one fare. This will give our Gorham friends a fine chance to see "After Dark."

Mr. Alfred Wiggin, well known among the firemen as "Doctor," is the only member of Cumberland engine No. 3 who belonged to the company when it was organized, eleven years ago.

Yesterday was one of the most uncomfortable days of the season. The sky was clear but the wind blew a gale all day.

There will be a union temperance meeting at the Allen Mission this evening. Reformed men and others will be present to address the public, who are cordially invited.

Mr. Isaac P. Greenleaf (an inspirational speaker of Boston) will give the fourth lecture of the course before the Spiritualist Fraternity, at Arcana Hall, on Sunday, at 3 and 7 o'clock p. m.

The doctors say that they never have had more patients suffering from accidents than at the present time.

One of the billiard tables at the Falmouth has been taken out and a pool table is to be put in.

City Affairs.

A special meeting of both boards of the city government was held yesterday afternoon to take some action in regard to the death of the late Councilman Thurston. The two boards met in joint convention and Councilman Whitten offered the following resolutions of respect to Councilman Thurston:

Whereas it has pleased God since the last meeting of the City Council to remove from our midst one of our members, therefore

Resolved, That while the death of a good man ever carries its saddening influence to the hearts made desolate by the bereavement, it cannot fail to have its appropriate effect upon those associated with him in other relations of life, and that as members of the City Council of which he was a valued and useful member, we cannot but recognize the death of Edward Thurston as a great loss to the City Council. The memory of such a man must be respected by all who regard integrity of purpose, honesty of life and an impartial and liberal judgment in matters affecting his fellows as constituting the best elements of true manhood.

Resolved, That the City Council will attend his funeral; and that these resolves shall be entered upon the city records, and a copy be transmitted to his sorrowing family.

At the conclusion of the reading of the resolutions Alderman Sampson arose and spoke in a very feeling manner of the worth of the deceased. He said that he knew him well, and in his death this community would lose a valued citizen and an honest man. He had known him for years and always knew him to be perfectly upright in all his dealings.

The resolutions were unanimously passed.

The funeral will take place at two o'clock this afternoon from the late residence of the deceased. The members of the City Council will meet at the City Building at 2½ o'clock to attend the funeral.

THE PUBLIC LIBRARY.—The Public Library are daily in receipt of new and valuable books and papers. They have just received from Dr. J. C. and Mr. Charles B. Merrill over two hundred different newspapers printed in almost every state in the Union, Canada, England and India. They date from 1785 to 1847, and the majority are bound in twenty-five books. Some of these papers are in nearly complete files for a number of years. With this lot came also the different British Quarterlies, complete for several years, also a variety of large atlases.

Mr. William A. Quincy also sent to the library a few days ago a large number of our local papers for 1870; these are always acceptable for completing files. Hon. J. H. Drummond has contributed at different times lately, a variety of southern newspapers of recent date, making a desirable addition to the collection already commenced.

MR. TOTMAN'S CONDITION.—We are informed by Dr. Tewksbury—one in consultation in the case of Totman—that the lower portion of the thigh bone was broken into fifteen pieces and the fracture extending into the cavity of the knee joint—a circumstance of rare occurrence from a single fall, the injury being so extensive that no treatment could be adopted but amputation of the leg. We learn he was offered the privilege of being taken into the Maine General Hospital, but his friends preferred to have him at home, yet he is a poor man and hardly able to incur the expenses of sickness. We are glad, however, to hear that funds have been raised among his friends for his assistance, and that his situation and condition last evening was as favorable as could be reasonably anticipated.

DIRECTORS' MEETING.—The directors of the Maine Central held their regular monthly meeting at the Falmouth last night. President Morrill, Superintendent Lincoln and all of the directors except Mr. Lothrop of Boston, were present. It was voted to change the Pullman trains so that they would both leave here at or about midnight. The train now leaving here at eight o'clock in the evening for the east will leave at five. The change will be made on or about the middle of March. It was voted to leave the exact time of making the change to the Superintendent. Other matters were discussed but nothing decided upon.

PEEP O'DAY.—Music Hall was crowded last evening by a large audience who were anxious to see the pleasing drama entitled "Peep O'Day." Every reserved seat was sold early in the day, and during the evening tickets were sold for standing room only. The play was well put on and called forth often and loud applause. The Catholic Union will realize a handsome sum from the efforts of a few of its members in getting up this entertainment. It seems as though the play could be given to full houses the remainder of the week.

I. O. G. T.—The following officers of Mystic Lodge I. O. G. T., were installed last evening: J. E. Conway, W. C. T.; Edith Waite, W. V. T.; C. W. Cloudman, W. S.; W. W. Wallace, W. F. S.; T. W. Burnham, W. T.; C. A. Maxwell, W. M.; Nellie Emery, W. D. M.; John F. St. John, W. C.; John Cox, W. I. G.; B. F. Rand, W. O. G.; Lottie Scully, W. R. H. S.; Florence Page, W. L. H. S.

INSTALLATION SERVICES.

The New Pastor at Casco Street Church.

Last evening the Rev. Chas. S. Perkins was publicly installed pastor over the Casco Street Free Baptist Church. The public examination of the candidate was held at the church in the afternoon, before a council consisting of the Revs. J. M. Bailey of Saco, C. F. Penney of Augusta, H. Whicher of Saccarappa, W. J. Twort of Buxton and J. Burnham Davis of West Buxton. The council organized by the choice of the Rev. Mr. Bailey as chairman, and Rev. Mr. Davis as clerk. The result of the examination was highly satisfactory. The clerk in the evening read the report, which is couched in the usual form.

IN THE EVENING.

The severe weather prevented as large an attendance on the services in the evening as there would otherwise have been, but the church was comfortably filled. There was a large number present of the clerical brethren of the newly chosen pastor. The services were preceded by a voluntary on the organ by Mrs. J. L. Shaw.

The opening prayer was made by the Rev. Mr. Davis. The singing of hymn xcvi. followed. The first chapter of the Epistle to the Romans was read by the Rev. Mr. Fernald of Auburn, as were also a few verses of the second and Epistle to Timothy. The second prayer was made by the Rev. J. Mariner of Providence, R. I., followed by the reading of hymn cccxxx.

THE SERMON.

The installation sermon was preached by the Rev. C. F. Penney of Augusta, who selected as his text Rom. i., 14, 15, 16: "I am debtor both to the Greeks and to the Barbarians," etc. The speaker spoke of the great value of the Pauline writings, and of the exact statements in doctrine set forth in them. He then proceeded to the consideration of the meaning of the text, and said Paul was debtor because he was the repository of that divine knowledge which was wanting to the earth. He discharged the debt by diffusing the knowledge, by making known to the world the divine nature and the process of redemption. He was a debtor because he was better and wiser and stronger than his fellows, as every man of great parts is a debtor to his associates, that is, bound to communicate out of love to God and man his goodness and wisdom and strength. Proceeding to a further consideration of the text, the preacher declared that no man can preach Christ unless Christ is in him. This was what Paul meant; this was what Paul had; this was the secret of his power. Above all eloquence, above all learning, above all rhetorical beauty, is this love of Christ. No preacher who has it not in his heart can kindle a sacred flame in the hearts of his congregation. The preacher must learn the fundamental law of Christ's kingdom, humility. Christ is the very deification of love, of self-sacrifice, of humility. The speaker then mentioned the antagonisms which a minister had to meet. The great obstacle of the day is not malignant skepticism, but honest doubt. The advanced leaders of philosophy and science are doubters, doubters perhaps of the very existence of a God. This leads to the words of Paul, "I am not ashamed to preach Christ." So let us not be ashamed to preach Christ, though learning tells us it is foolish. We have seen nothing, because there can be nothing, in the researches of science to shake our faith. Our duty is to hold fast to those things which are true. The fact that man is wicked cannot be reasoned away, and Christ presents the only cure for wickedness. If we do away with the gospel, with the church, with theology, with Christianity, we are worse off. We still have the disease, but have thrown the remedy away. Several other teachings of the text were dwelt upon. The speaker closed with a few words of advice to pastor and congregation.

OTHER EXERCISES.

The installation prayer was made by the Rev. W. J. Twort of Buxton. The charge was made by the Rev. H. Whicher of Saccarappa. He enjoined upon the pastor a life of true piety and genuine faith, and of diligence in the service of God. He charged him to ever maintain a cheerful, loving spirit, free from both gloom and levity. He charged him to take care what doctrines he preached, and to cling to the truths of the gospel. He charged him to preach to convict sinners and not to please men, and to prepare his sermons in the spirit of the Holy Ghost. He charged him to visit all his flock, the poor as well as the rich, the ignorant as well as the cultured. He charged him to remember that though he was a Free Baptist, he was still more a Christian. He charged him to guard his health, so that he might long be a laborer in the field.

The hand of fellowship was given by the Rev. J. Burnham Davis of West Buxton, and was accompanied by a few warm, earnest, affectionate words, well chosen and appropriate. He welcomed the pastor to share the joys and sorrows, the burdens and blessings of the congregation, and in conclusion pronounced the two pastor and people in the name of Christ.

The address to the church was delivered by the Rev. J. M. Bailey of Saco. It was brief and pointed, and consisted of sensible advice to the congregation upon their duties as church members, as hearers and occupiers of pews.

The address of welcome on behalf of the city pastors, was delivered by the Rev. W. H. Fenn of this city. He spoke of his pleasure in welcoming the new pastor, and trusted that the custom, so pleasantly begun, would be continued. The intercourse of clergymen was beneficial because the collision of mind with mind sharpens a man's perceptions, enlarges his sympathy and increases his usefulness. This intercouse is one great benefit attending a city pastorate. The strict lines of sectarianism are slackening, and people are beginning to realize that there is in reality but one church, the church of Christ. The cordial relations sustained by the ministry of the city with the predecessors of the new pastor were spoken of, and he was welcomed to their place in the circle.

The exercises closed with the singing of the doxology.

BIOGRAPHICAL.

The Rev. Charles S. Perkins, the new pastor at Casco street church, is a native of Maine, and was born at Auburn, Oct. 25, 1835. He graduated at Bowdoin College in 1860, and at Bangor Theological Seminary in 1864. The first year of his pastorate was in New York city. He was settled over a church in Providence, R. I., seven years, and over a church in Greenville, R. I., two and a half years. He comes to this city with the reputation of being a faithful, energetic and amiable minister.

Personal.

The Boston Advertiser says the trustees of Tufts College held a meeting on Tuesday last and appointed a committee to wait upon the Hon. Israel Washburn, Jr., LL. D., and offer him the presidency of the college. That committee, the Rev. Dr. A. A. Miner and Mr. Pone, tendered the offer to Mr. Washburn today. Mr. Washburn will take the matter under advisement."

We understand that it is true that the presidency of Tufts College was tendered to Mr. Washburn, as above stated; but we do not understand that he gave any encouragement to the committee that he would accept the position, or that he is likely to do so.

Among the arrivals at the Preble yesterday, we notice Supreme Chancellor S. S. Davis of New Hampshire, and several members of the Maine Lodge of Knights of Pythias; Charles Smead of the Sherman House, Boston, and James Fisk of New York, father of the late illustrious "Jim Fisk, Jr."

Leave of absence for the Spring term has been granted to Prof. Melcher of Colby University, that he may continue in charge of Houlton Academy. Mr. Horace W. Stewart of Bangor, of the class of 1874, will perform the college duties of Prof. Melcher in his absence.

MRS. Abba Goold Woolson will lecture in the State House, Augusta, this evening, on the "Wonderful Sierras."

Board of Trade.

The regular monthly meeting of the Managers of the Board of Trade was held yesterday morning, President Woodman in the chair.

Messrs. Albro E. Chase and J. S. White were proposed for membership.

A proposition made to the Board by Hon. W. W. Thomas on January 7th, viz., to sell the United States bonds held by the Treasurer of the board and invest the proceeds in city of Portland bonds, issued for the benefit of railroads, was taken up, and on motion of Gen. S. J. Anderson it was

Voted, That the Treasurer have authority to sell the United States bonds in his possession, and invest the proceeds in such city bonds as he may, in his judgment, thing most expedient.

Mr. Edwin Clement remarked that the head money tax would not probably be removed at present by the Board of Mayor and Aldermen.

It was stated that Gen. Thom had a sum of money unexpended for the improvement of the harbor, which he does not propose to expend until the ends of the wharves at the upper end of the city were cut off. He said that the United States government would uphold him on the ground he had taken.

It was voted that the President call on the committee on harbor improvements and see if they have any report to make, or suggestions to offer, by which action can be taken by this Board to secure the money appropriated by the United States government, but now unexpended for the improvement of the harbor.

Adjourned.

KNIGHTS OF PYTHIAS.—The annual session of the Grand Lodge of the Knights of Pythias of Maine was held yesterday. The attendance was large and the business of an important character. The recent revision of the constitution of the Supreme Lodge made it necessary to make radical changes in the grand and subordinate lodge constitutions, and the entire day and evening were occupied in the discussion of the provisions of the several constitutions submitted for adoption. The presence of Supreme Chancellor S. S. Davis, added to the enthusiasm and interest which prevailed, and added much in harmonizing the new legislation of the Grand Lodge with the Supreme Law of the order. The reports of the lodge show a rapidly increasing membership and sound financial condition. Fitting memorial resolutions on the decease of P. C. Edwin A. True, were adopted. Several petitions for the formation of new lodges have been received, and the indications are that the order will be established in the principal towns of the state during the year.

The following grand officers were elected and installed: P. G. C., James F. Tarr; G. C., Henry C. Peabody: G. V. C., Josiah H. Drummond; G. P., Calvin C. Whitney; G. K. of R. & S., R. H. Ingersoll; G. M. E., Robinson Williams; G. M. A., C. C. Hinds; G. I. G., Chas. C. Donovan; G. O. G., Joseph T. Davis. Nathaniel G. Cummings and Charles F. Bragg were elected Past Grand Chancellors.

REGULATIONS FOR LENT.—The following are the regulations for Lent:

1. All the days of Lent, except Sundays, are fast days of obligation.

2. By dispensation, the use of flesh meat is allowed, once a day only, on Mondays, Tuesdays, Thursdays and Saturdays, the second and last Saturdays excepted The use of meat on Sundays is not limited as to the number of times.

3. Besides lard, the fat of any kind of meat may be used in preparing food on any day in Lent. This dispensation is also extended to the days of abstinence and fast days throughout the year.

4. A collation, not exceeding the fourth part of an ordinary meal, is allowed in the evening, at which eggs, fish, butter, cheese and milk may be used.

5. The use of flesh meat and fish at the same meal is not allowed.

6. The following persons are exempted from the obligations of fasting: All under twenty-one years of age and those of advanced age, the sick, those who cannot fast without grave injury to their health, women during pregnancy or while nursing infants, and all those whose duties are of a very laborious or exhausting nature. Those who are excused from fasting are not thereby freed from the obligation of abstaining from flesh meat, except in cases of sickness or the like.

During the holy season of Lent, which begins this year on the 10th of February, it is the bishop's desire that some special devotions, such as the Way of the Cross, or the Rosary of the Blessed Virgin Mary, or Benediction of the Blessed Sacrament, with an occasional sermon, should be provided for the faithful. Every means should be used to remind them that it is a time of penance and prayer, and that unless the heart is free from sin and the soul sanctified by the worthy reception of the sacraments, it will profit them little to keep the fast of Lent.

THE MUSEUM.—The Museum was packed last evening with an enthusiastic audience. "After Dark" proves a great card. A very entertaining feature has just been introduced in the shape of a song by Mr. Arnold, in the third act. But three more opportunities are left to see the play.

ENTERTAINMENT.—This evening at India street church there will be a very pleasing entertainment, consisting of the plays "That Rascal Pat" and "Enlisted for the War." Let there by a large attendance.

Business Notes.

A company of Farmington gentlemen propose to commence operations in a slate quarry at Waterville about the first of June. The company will be known as the Waterville Slate Company, and is composed as follows:—W. G. Jones, S. C. Belcher, Samuel Belcher, L. B. Pillsbury, E. F. Pillsbury, Edwin Smiley, Richard Griffith. Capital stock $200,000.

David Hammond of Alfred is doing a large business at his shook mill the present winter. Large quantities of stave wood is being hauled on the premises and bids fair to spread over acres of ground. Large numbers of teams are kept at work drawing the lumber. He has about a dozen men in his employ. This mill is run by steam and was built in the fall of 1873, opposite Lewis' Landing, on the road from Alfred to Springvale. The people find a ready market for their hard growth at this mill. Large quanties of ship timber are also loaded upon the cars at the Landing and sent to Bath and elsewhere.

Levi Mathews, the father of the Rev. G. P. Mathews of Auburn, died on Monday, at the age of 80 years.

FRANKLIN COUNTY.

Last Monday, when the wood train was approaching the station at North Jay, a boy 15 years of age was near the track with a yoke of oxen. Seeing the train coming, he attempted to drive the oxen away from the track. Instead, however, the oxen turned toward the track, throwing the boy down so that his legs were on the track. The engine's front was boxed up with boards, so that when the boy was struck he was shoved along on his face through the snow some fifteen or twenty rods, tearing his clothing somewhat, but, singularly enough, escaped any apparent injury.

KNOX COUNTY.

The bark Walter Armington, Jr., which is missing, sailed from Rockland on Friday noon, January 15, nineteen days ago, in ballast, and has not been seen or heard of since. Capt. Hooper had with him his wife and family, the latter consisting of his little daughter, and the son of his brother, whom he had adopted. It is known to be impossible that the bark reported lying off Butter Island could have been the W. Armington, Jr. Some hope is felt that the bark has been blown off and will yet be heard from.

PENOBSCOT COUNTY.

On Sunday morning last a store in Easton, belonging to C. H. Tebbets, together with the stock it contained, was destroyed by fire. The loss is stated at $8,000, with half that amount of insurance.

The spring term of the State College at Orono opened Tuesday, with a large attendance of students.

ADDITIONAL ARTICLES OF AGREEMENT

BETWEEN THE

POST-OFFICE DEPARTMENT OF THE UNITED STATES OF AMERICA AND THE POSTAL ADMINISTRATION OF SWITZERLAND FOR AN EXCHANGE OF POSTAL CARDS BETWEEN THE TWO COUNTRIES.

ARTICLE I.

For the purpose of providing additional facilities of mail-communication between the United States of America and Switzerland, it is hereby mutually agreed that United States postal cards mailed at any post-office in the United States and addressed to Switzerland, and Swiss postal cards mailed at any post-office in Switzerland and addressed to the United States, the postage on which shall have been fully prepaid to destination, at the rates hereinafter stated, can henceforth be exchanged between the inhabitants of the United States and of Switzerland. But unpaid or insufficiently paid postal cards will not be forwarded in the mails between the two countries.

ARTICLE II.

Postal cards shall be forwarded exclusively by means of such direct steamer as shall from time to time be employed in the transportation of the direct German-American mails between New York and Bremen or Hamburg. Each of the two post departments shall pay the entire expenses of the intermediate sea and territorial transport of the postal cards which are sent from its territory.

ARTICLE III.

The postage on postal cards sent in each direction is fixed as follows:

1. At 2 cents when sent from the United States of America.

2. At 10 centimes when sent from Switzerland.

Each department shall retain to its exclusive use the postage which it collects at the prescribed rates on the postal cards sent from its territory

ARTICLE IV.

The regulations and instructions governing the use and treatment of postal cards in the domestic mail of the United States and of Switzerland respectively, shall apply equally to the postal cards mailed in either country and addressed to the other country.

ARTICLE V.

This agreement shall go into effect on the 1st of May, 1874, and shall have equal duration with the postal convention of the 11th of October, 1867, and with the additional conventions concluded thereto.

Done in duplicate and signed in Washington the 21st April, 1774, and in Berne the 31st March, 1874.

[SEAL.] JNO. A. J. CRESWELL,
Postmaster General of the U. S.
[SEAL.] EUGENE NORD,

HAMILTON FISH,
Secretary of State.

WASHINGTON, April 21, 1874.

[RESOLUTION OF GENERAL NATURE—No. 2.]

JOINT RESOLUTION explanatory of resolution approved January 31, 1868, entitled "A resolution limiting contracts for stationery and other supplies in the executive departments to one year."

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the resolution approved January thirty-first, eighteen hundred and sixty-eight, entitled "A resolution limiting contracts for stationery and other supplies in the Executive Departments to one year," shall not be held, or construed, to apply to or include, mail-bags, mail locks and keys, postal cards, postage stamps, newspaper wrappers, or stamped envelopes.

Approved, March 24, 1874.

[RESOLUTION OF GENERAL NATURE—No. 3.]

JOINT RESOLUTION providing for the termination of the treaty between the United States and his Majesty the King of the Belgians, concluded at Washington, July seventeenth, eighteen hundred and fifty-eight.

Whereas, it is provided by the seventeenth article of the treaty between the United States of America, on the one part, and His Majesty the King of the Belgians, on the other, concluded at Washington on the seventeenth of July anno Domini eighteen hundred and fifty-eight that "the present treaty shall be in force during ten years from the date of the exchange of the ratifications, and until the expiration of twelve months after either of the high contracting parties shall have announced to the other its intention to terminate the operation thereof, each party reserving to itself the right of making such declaration to the other at the end of the ten years above mentioned, and it is agreed that, after the expiration of the twelve months prolongation accorded on both sides, this treaty and all its stipulations shall cease to be in force;" and

Whereas, it is no longer for the interest of the United States to continue the said treaty in force: Therefore,

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That notice be given of the termination of said treaty according to the provisions of the said seventeenth article thereof for such termination, and the President of the United States is hereby authorized to communicate such notice to the government of the Kingdom of Belgium.

Approved, June 17, 1874.

May and October.

BY HENRY C. LEONARD.

We talked about the season;
Of past and present weather;
She, telling me the reason
(As we two walked together

To morning tasks) why spring-time gay
More charming is than autumn gray:
She, glad and bright, like blooming May:
I, frosty, like October's day.

I said, "It is no wonder
You like the year's fair morning:
For then all things heaven under
Respond to your life's dawning.

Your life is one with flowers and May;
But mine is one with Autumn gray.
Your heart is cheered by spring's fair day;
But mine a voice hears: 'Come away.'"

"Oh, no!" she answered nlively,
"You're not so near to going,
But just in summer bravely
The seeds of wisdom sowing."

And then I laughed, as Autumn may
At what the flattering Spring doth say;
But while I laughed, I said: "I pray
For youthful heart and mind alway."

History of Seven Days.

The news for the week ending Wednesday Night, Feb. 3.

CONGRESS.

Thursday.— In the Senate bill to pay interest due Feb 1 on the 3.65 bonds of the District of Columbia was passed. A resolution was introduced and referred instructing Judiciary Committee to inquire into the expediency of repealing the act granting a subsidy to the Pacific Mail Company. The Senate then proceeded to the consideration of the Louisiana resolution. The House did nothing but call the roll on dilatory motions.

Friday.—Mr. Conkling addressed the Senate on the Louisiana question and there was no other business. The House concluded its fifty hours session, having done nothing but call the roll.

Saturday.—The Senate was not in session. The House spent the day reading the journal of the day before.

Monday.—In the Senate adverse report was made on Senate bill granting pensions to certain soldiers and sailors of the Mexican war and widows of deceased soldiers. House bill to pay interest on District of Columbia bonds was amended and passed. Bill to amend the national bank act was passed. Mr. Schurz's resolution was then discussed. The House spent the day considering resolutions offered Mr. Hale, calculated to prevent dilatory motions but resolution did not pass.

Tuesday.—In the Senate a memorial from James Brooks claiming that he is Governor of Arkansas but deprived of the right was presented and referred.

Mr. Washburn of Massachusetts, introduced a bill to amend the law creating a court of Alabama claims commissioners. It provides for the adjudication and payment of all claims of insurance companies and insurers or their assignees, and also of all claims for damage caused by the cruisers Boston, Chickamauga, Georgia, Nashville, Retribution, Sallie, Sumter and Tallahassee, and by the Shenandoah previous to February 13, 1865. Referred to the Judiciary Committee.

Bill authorizing the Seneca Indians to lease certain lands was passed. The House spent the day on a rule offered by Mr. Garfield which was finally passed after an exciting discussion. It is as follows:

Whenever a question is pending before the House the Speaker shall not entertain any motion of a dilatory character, except one motion to adjourn and one to fix the day to which the House shall adjourn, but the previous question on the engrossment and the third reading of any bill, or a joint resolution shall not be ordered during the first day of its consideration, unless three-fourths of the members present shall second the demand. Provided, this rule shall not apply to House resolutions, and, provided further, that it shall not apply to any proposition to appropriate the money, credit or other property of the United States, except the regular annual appropriation bills.

Wednesday.—In the Senate a bill was introduced authorizing the retirement of Gen. W. H. Emory. The President was requested to transmit papers relating to Arkansas affairs. Bill appropriating $25,000 to defray expenses of King Kalakaua, also a large number of bills reported by the Committee on Pensions, were passed. A bill regulating the transportation of mail matter was referred. Senator Morrill of Vermont, spoke in opposition to the reciprocity treaty. The House spent the day on the civil rights bill, but accomplished nothing.

NATIONAL CAPITAL.

The chief interest in Washington this week has centered in the proceedings of the House. The fight began over Butler's motion to take up the civil rights bill. The Democrats immediately commenced filibustering and the Republicans determined to sit it out. The monotonous proceeding of calling the roll preceeded for 52 consecutive hours when both sides were tired of it and the House adjourned, the Republicans having failed to carry their point. Saturday the House again met and dragged out the hours in reading the journal of the previous 52 hours proceedings, the Democrats looking over the clerk's shoulder to see that he omitted nothing. Monday was spent in a fruitless attempt to pass a rule checking dilatory motions, but Tuesday it was adopted, as will be seen in the congressional proceedings.

It is probable the Arkansas committee will report in favor of sustaining the existing state government.

Excitement over Louisiana has somewhat died out, awaiting the report of the Congressional committee now investigating at New Orleans. Meantime, it is said, McEnery and Kellogg are endeavoring to compromise.

A messenger in the Navy Department has been arrested on suspicion of setting the recent fires in that building, he having when younger been detected in incendiarism, which was a monomania with him.

The Secretary has issued a call for the redemption of $15,000,000 5.20 bonds of 1862, to be paid the first of May, at the United States Secretary, at which date interest will cease. Of the amount thus called in $12,000,000 are coupon bonds, and the remainder are regular bonds.

THE BEECHER TRIAL.

The prominent feature of the Beecher trial this week has been the legal fight between ounsel for plaintiff and defendant over the admissibility of Tilton as witness. Defendant contended that he could not testify because it was a case where his wife's honor was involved and no husband either by the common law or by the statutes of New York could be a witness against his wife. The prosecution contendde that modern doctrines have modified the common law and that Mr. Tilton was competent. The point was argued at great length by Mr. Evarts for defence and Messrs. Pryor and Beach. The Judge held that Mr. Tilton should be allowed to testify but not to confessions of his wife. Mr. Tilton was then called and is still testifying, his evidence being similar to his statements.

CRIMES AND CASUALITIES.

The Beaufort Female Lunatic Asylum in Quebec was burned Friday, together with three of the inmates.

A messenger in the Navy Department has been arrested on suspicion of setting fire to the department building.

The brig James Birney was attacked by the savages off the Solomon Islands, and captured. But one of the crew escaped.

Mrs. Abby B. Emerson of Martin's Ferry, fell while getting upon a train in motion in the depot at Concord, N. H., Saturday forenoon and was dragged between the platform and car nearly a hundred feet, receiving injuries from which she died in half an hour. She was about 50 years of age.

In the inquest on the murder of Mrs. Emerson at Piedmont, N. H., held at Haverhill, testimony was introduced to show the inoffensive character of Sawyer, and the husband of the deceased related the circumstances attending the tragedy.

Burglars blew out one side of the Greenwich Conn., Savings bank, Sunday morning, and secured some six or seven dollars for their trouble.

G. P. Harrison of Annapolis has stolen about $150,000 worth of property entrusted to him.

Thomas Burns was thrown off a New York horse car Sunday night and killed. The driver was arrested.

Mrs Mary Fellows, wife of Col. John Fellows, of Boston, was so severely burned Sunday by her clothes catching fire, that she died in two hours.

A fire at Sumpter, S. C., Thursday, caused a loss of $70,000; insurance $49,000. Strenuous efforts alone saved the business portion from utter destruction.

Canton's saw mill at Cape St. Paul, P. Q. was burned Friday night. Loss $15,000.

Riley & Maynard's tobacco barn at South Deerfield, Mass., with sixty cases of tobacco was destroyed by an incendiary fire Friday night. Loss $60,000; fully insured in the Greenfield and Hartford companies.

Irwin's woolen mill at Nanayank, Pa., was burned Saturday morning. Loss heavy. Some 300 hands were thrown out of employment.

The machine shops of the Memphis Railroad at Argenta, opposite Little Rock, Ark., were burned Saturday. Loss $30,000; no insurance.

It is rumored that the cashier of the People's Savings Institution of St. Louis has absconded with a large sum. The bank closed its doors Monday, and was in debt $62,000 at the clearing house.

FOREIGN.

There has been but little of interest in foreign affairs this week. The accession of Alfonso has not quieted the Carlists, and Spain is still torn by civil war.

The English Liberals have not yet decided upon a leader. Lord Huntington and Mr. Forster are prominently named in connection with the vacancy.

The Ventavon bill is still before the French Assembly, under debate. That clause of it which provides for two chambers has been adopted.

There is intense excitement in New Brunswick over the school tax. Mr. Robert Young, a member of the legislature, who favored the tax, has been attacked by an anti-school mob. The opposition desire sectarian schools.

Carlyle declines the order of Bath, and the Telegraph believes that Tennyson will not accept a baronetcy. Edward Snyder, Baron St. Leonards, formerly Lord Chancellor of England, died Friday, aged 94.

The annexation of Fiji to the British Empire was celebrated on the 15th of December in Sydney by a public banquet.

The German Federal Council has empowered Bismarck to conclude an extradition treaty with the United States.

BRIEF MENTION.

Rev. Samuel Clark, brother of Bishop Clark of Rhode Island, is dead.——Judge Durfee has been elected Chief Justice of Rhode Island.——Gen. IN GENERAL.

The Minnesota legislature has adopted a resolution requesting Wm. S. King to appear and testify before the Congressional committee as to his alleged connection with the Pacific Mail subsidy or send his resignation as a Representative to Congress.

The N. Y. Sun prints five columns of documents, showing that stock and money was paid to several members of Congress by Fremont and his friends interested in his El Paso and Pacific Railroad. The amount used to bribe Congress was $11,000,000. Among the persons given shares were W. Scott Smith, 400 M. L. Hunter, 8000, R. C. McCormick, 4000, Frank Fuller, 400, Gen. Heintzelman, 400, and a transfer of $200,000 worth of shares and cash to the amount of $50,000 were paid to Ignatius Donnelly.

Florida, West Virginia, Minnesota and Wisconsin legislatures are still balloting for Senators but with no immediate prospect of an election.

THE LATEST.

The dead lock in the Wisconsin Legislature was broken Wednesday, and Angus Cameron of La Crosse, was elected by a vote of 68 to 59 for Carpenter. Cameron was born in New York, but emigrated to Wisconsin, where he has served in the legislature and been Speaker of the House. His election was the result of a coalition of Democrats and bolting Republicans.

MEDICAL.

CURE THAT

CATARRH

WITH

RAEDER'S GERMAN SNUFF!

OR

DEATH

WILL BE

YOUR DOOM!

Yes, the medical records show plainly that in nine cases out of ten the disease known as Catarrh was the forerunner of Consumption, which, when fastened on a person, is like the grasp of the hideous anaconda. There is no escape until death relieves them from its torture and they are laid in the grave. Friends may say they died of Consumption. 'Tis FALSE.

Catarrh killed them.

And if you doubt the fact, look back and call to mind how it was first a cold, then Catarrh, and last Consumption. Why will people suffer when by the use of the remedy,

RÆDER'S GERMAN SNUFF,

this horrid complaint can be cured. It may not be generally known, but most of our leading Physicians are prescribing this wonderful remedy, well knowing that its results are so certain that by its use the person will be brought back to perfect health. An old Doctor says:

RÆDER'S "GERMAN SNUFF

is a perfect cure, and I know of nothing better for Catarrh." Another well-known M. D. writes as follows; "When one complains to me of a bad Cold or a Heavy Head, I at once advise them to procure a supply of

RÆDER'S GERMAN SNUFF.

for in a practice of near twenty years I have daily been pleased with its results." A Doctor whose word is authority on all medical questions, says: "I call the compound known to the world as

RÆDER'S GERMAN SNUFF

a blessing to mankind, for its low price of 35 cents places it within the reach of all." We might bring forward hundreds of testimonials, but of what avail? Its proud record is enough, and the thousands of people who have been by the use of

RÆDER'S GERMAN SNUFF

saved as it were from the grave, are living witnesses of its great virtue. At this season of the year, when people, by undue exposure and the sudden changes in the weather, are liable to catch cold, we advise them to carry in the pocket a box of

RÆDER'S GERMAN SNUFF

so when they suddenly take cold and feel all the organs of the nose and head stopped up, they can promptly take a remedy to at once loosen the mucous, which if allowed to stay becomes

LIQUID POISON IN THE HEAD,

and passing to the lungs and stomach, simply adds that which time may never remove, for the system has become poisoned, and all because the individual did not take proper care at the commencement. How often do we hear people say, "My head is thick and I cannot think." Don't you know what is the trouble? You have Catarrh; it has just commenced to take possession of your body. Now, if you are wise, you will take a few pinches of the

RÆDEE'S GERMAN SNUFF

and rid your nose ned head of that which in time will kill you. Do you doubt it? Well, suffer away. Use up three or four handkerchiefs a day; go round a walking mass of rottenness, with HEAVY HEAD, DULL EYES, BAD BREATH, and DEPRESSION OF SPIRITS, a curse to yourself and a nuisance to all who come in contact with you, if you must be so obstinate as to not purchase one box of

GERMAN SNUFF.

VEGETINE

Purifies the Blood, Renovates and Invigorates the whole System.

Its Medical Properties are

ALTERATIVE, TONIC, SOLVENT AND DIURETIC.

VEGETINE is made exclusively from the juices of carefully-selected barks, roots and herbs, and so strongly concentrated, that it will effectually eradicate from the system every taint of **Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Emptiness of the Stomach,** and all diseases that arise from impure blood. **Sciatica, Inflammatory** and **Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints,** can only be effectually cured through the blood.

For **Ulcers** and **Eruptive Diseases** of the **Skin, Pustules, Pimples, Blotches, Boils, Tetter, Scaldhead and Ringworm,** VEGETINE has never failed to effect a permanent cure.

For **Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhœa,** arising from internal ulceration, and uterine diseases and **General Debility** VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the scretive organs, allays inflammation, cures ulceration and regulates the bowels.

For **Catarrh, Dyspepsia, Habitual Costiveness, Palpitation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System,** no medicine has ever given such perfect satisfaction as the VEGETINE. It purifies the blood, cleanses all of the organs, and possesses a controlling power over the nervous system.

The remarkable cures effected by VEGETINE have induced many physicians and apothecaries whom we know to prescribe and use it in their own families.

In fact, VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable **BLOOD PURIFIER** yet placed before the public.

PREPARED BY

H. R. STEVENS, Boston, Mass.

WHAT IS VEGETINE?—It is a compound extracted from barks, roots and herbs. It is Nature's Remedy. It is perfectly harmless from any bad effect upon the system. It is nourishing and strengthening. It acts directly upon the blood. It quiets the nervous system. It gives you good, sweet sleep at night. It is a great panacea for our aged fathers and mothers; for it gives them strength, quiets their nerves, and gives them Nature's sweet sleep,—as has been proved by many an aged person. It is the great Blood Purifier. It is a soothing remedy for our children. It has cured and relieved thousands. It is very pleasant to take; every child likes it. It relieves and cures all diseases originating from impure blood. Try the VEGETINE. Give it fair trial for your complaints; then you will say to your friend, neighbor and acquaintance, "Try it; it has cured me."

VEGETINE for the complaints for which it is recommended, is having a larger sale throughout the United States than any other one medicine. Why? **Vegetine will cure these Complaints.**

VALUARLE INFORMATION.

BOSTON, Dec. 12, 1869.

Gentlemen—My only object in giving you this testimony is to spread valuable information. Having been badly afflicted with Salt Rheum, and the whole surface of my skin being covered with pimples and eruptions, many of which caused me great pain and annoyance, and knowing it to be a blood disease, I took many of the adverised blood preparations, among which was any quantity of Sarsaparilla, without obtaining any benefit until I commenced taking the VEGETINE, and before I had completed the first bottle I saw that I had got the right medicine. Consequently, I followed on with it until I had taken seven bottles, when I was pronounced a well man, and my skin is smooth and entirely free from Pimples and eruptions. I have never enjoyed so good health before, and I attribute it all to the use of VEGETINE. To benefit those afflicted with Rheumatism, I will make mention also of the VEGETINE's wonderful power of curing one of the acute complaints, of which I have suffered so intensely.

JUST published by the Peabody Medical Institute; a new edition of the celebrated medical work entitled SELF-PRESERVATION. It treats upon MANHOOD, how lost, how regained and how perpetuated, cause and cure of EXHAUSTED VITALITY, IMPOTENCY, Premature Decline in Man, Spermatorrhea, or Seminal Losses (nocturnal and diurnal), Nervous and Physical Debility, Hypochondria, Gloomy Forebodings, Mental Depression, Loss of Energy, Haggard Countenance, Confusion of Mind and Loss of Memory, Impure State of the Blood, and all diseases arising from the ERRORS OF YOUTH, or the indiscretions or excess of mature years.

It is, indeed, a book for every man, young and middle-aged men in particular. 300 pages, bound in beautiful French cloth, illustrated, price only $1.

A Book for Every Woman,

Entitled, SEXUAL PHYSIOLGGY OF WCMAN, AND HER DISEASES; or, *Woman treated of Physiologically and Pathologically,* in health and disease, from *Infancy to Old Age.* 350 pages, bound in beautiful French cloth. With the very best prescriptions for prevailing diseases. Price $2.00.

A Book for Everybody.

The Peabody Institute has also just published a new book treating exclusively of NERVOUS AND MENTAL DISEASES, more than two hundred royal octavo pages, twenty elegant engravings, bound in substantial muslin, price $2.

Either of the above books are sent by mail to any part of the world, closely sealed, postage paid on receipt of price. Or all three books sent to one address at the same time on receipt of only $4. Here is offered over eight hundred and fifty pages of the ablest and best printed and bound popular medical science and literature, on subjects of vital importance to all, for only $4—barely enough to pay for mailing. It should be borne in mind that these great Medical Works are published by the **Peabody Medical Institute**, an honored institution, established with large funds for the sole purpose of doing good.

These are, beyond all comparison, the most extraordinary works on Physiology ever published. There is nothing whatever that the *Married or Single of either sex* can either require or wish to know, but what is fully explained, and many matters of the most important and interesting character are introduced, to which no allusion even can be found in any other works in our language. All the *New Discoveries* of the author, whose experience is such as probably never before fell to the lot of any man, are given in full. No person should be without these valuable books. The press throughout the country, the clergy and the medical faculty generally highly extol these extraordinary and useful works. The most fastidious may read them.

Address the PEABODY MEDICAL INSTITUTE, No. 4 Bulfinch St. (opposite Revere House), Boston, Mass. N. B. The author and consulting physicians can be consulted on all of the above named diseases, and all diseases requiring SKILL AND EXPERIENCE.

GILES' Liniment Iodide of Ammonia.

A Message to the Suffering.

When a remedy is productive of such relief as to excel all other remedies in its curative results, it is a duty to make it known as general as possible. This consideration has actuated the proprietor WM. M. GILES, to bring before the public his LINIMENT IODIDE AMMONIA.

The remarkable cures it has effected classes it as one of the most important and valuable remedies ever discovered for the cure and relief of pain in any form. It cures **Neuralgia, Face Ache, Rheumatism, Gout, Frosted Feet, Chilblains, Sore Throat, Erysipelas, Bruises and Wounds** of every nature, in which the effects of external applications are almost magical, and in which its internal administration is found to be most efficacious. Physicians prescribe it for their patients and accord it their unhesitating approval as an invaluable discovery.

The LINIMENT IODIDE OF AMMONIA is an essential appointment in all well-regulated stables, and where large numbers of horses are provided for, and where there is a liability to the visitations of a class of epidemic diseases for which this preparation is a recognized remedy. No stable should be without it, for no stable can really be deemed safe that is not supplied with it.

We append a few of the many testimonals bearing testimony to the universal favor with which this medicine has been received by the public.

TESTIMONIALS.

In stiffness and soreness of the muscles and joints, rheumatic pains, I have experienced immediate relief from GILES' LINIMENT IODIDE OF AMMONIA.

GILES LINIMENT IODIDE OF AMMONIA is a *sure cure* for ague in the breast, and removes all swellings and hard lumps. A NURSING MOTHER.

NEW HAVEN, Aug. 7, 1874.

DR. GILES:—While on duty as fireman on engine 47, about ten miles from this city, on Shore Line Road, was accidentally thrown off against a rock, train under full head, about thirty-five miles an hour. Was very badly bruised. Your agent was on board. He furnished me with two bottles of LINIMENT IODIDE OF AMMONIA, from which I received the greatest possible benefit. In four days I was able to sit up, and am now ready to commence work. My aged mother also used the Liniment for rheumatism which it cured. JOHN GAFFNEY.

BARNUM'S HIPPODROME.—We have never found anything equal to GILES' LINIMENT IODIDE OF AMMONIA. Bruises, wounds stiffness, lameness, pains in the muscles, swellings immediately disappear. It is just what we long wanted, and we now use nothing else. In thirty years' experience in Europe and America I have never met anything like it.

L. B. WOODS,
Veterinary Surgeon, Barnum's Hippodrome.

NEW YORK, June 1st.

MR. WM. M. GILES, *Chemist:* Sir—Your new discovery, LINIMENT IODIDE OF AMMONIA, surpasses anything for splints, strains, lameness in the limbs or shoulders, &c., wind gails and hard bony swellings on the joints. It is truly marvelous.

Yours very truly, RALPH OGLE,
Veterinary Surgeon, 330 *West 25th St.*

BOSTON, July 13, 1874.

MR. WM. M. GILES:—In the match between the Athletics of Philadelphia and the Boston club, played July 13th, 1874, at Boston, I fell and displaced my left knee cap. Your agent fortunately happened to be present. He instantly applied your Liniment, and with *instant relief.*

HARRY C. SHAFER, *Boston Base Ball Club.*

BOSTON, Sept. 14, 1874.

MR. WILLIAM M. GILES, *Chemist:* Dear Sir—Your Agent, Mr. Guy S. Frazey, called on me early in July last to introduce your LINIMENT IODIDE OF AMMONIA. Being a skeptic in regard to the great variety of articles patent for the cure of all sorts of diseases, I had no faith in your Iodide, but, after a long discussion with your agent, it occurred to me that I had a horse was using for private that had a *shoe bile* on his near forward leg. I told him if he thought it would remove that bunch, I would try it. Suffice it to say that I have used it *very persistently* ill the present time, and I now think it nearly removed, and think it will shortly disappear entirely. From this trial of your remedy I cheerfully recommend its use to any one who has a horse or horses afflicted in this way. I would further say that, while using it for the above, the same horse started another bunch on the off leg; the Liniment was applied immediately, and the bunch has disappeared.

"DOUBTLESS THE BEST COUGH MEDICINE

IN THE WORLD."

[From one of the Oldest and very best Houses in America.]

Messrs. CUTLER BROS. & CO.

CINCINNATI, Ohio, March 13, 1872.

Please send us TEN gross small and FIVE gross large "Vegetable Pulmonary Balsam" **This is doubtless the best Cough Medicine in the world.** (Signed) ALLEN & CO.

P. S.—These parties have sold this Balsam for over thirty years.

[From one of Boston's most estimable citizens.]

No. 5 WORCESTER Sq., BOSTON, March 14, 1873.

Messrs. CUTLER BROS. & CO.

In ordering another small lot of your *invaluable*

Vegetable Pulmonary Balsam,

I should like to tell you what I know about it in order that others may have the benefit of m

EXPERIENCE.

Since this Balsam first came to my notice, in 1848, I have kept it *constantly* in the house, never allowing myself to be out of it *over night.* In all these

TWENTY-FIVE YEARS

it has not failed in a *single* instance in my own case to give the desired *relief*; and I will say the same in regard to my *mother,* whose

LIFE WAS SAVED

by it as I cannot but think. Hers was a case of *Congestion of the Lungs,* and although attended by a most skilful Physician, she seemed to fail constantly, so that we despaired of her recovery, when an old friend and neighbor persuaded her to try this Vegetable Pulmonary Balsam. The result was most gratifying I assure you.

RELIEF WAS IMMEDIATE

and recovery rapid. She is now over 82 years old, and is active and well. Whenever she gets a severe cold, which happens once in a while, she takes thirty to sixty drops, according to the violence of the cough, which has always yielded in a day or two by taking the Balsam only on retiring at night. With it the

IRRITATION

is at once subdued, and a good night's sleep secured. I will mention another case, that of a young lady acquaintance, who

BLED AT THE LUNGS,

and *coughed frightfully,* had night sweats and was fearfully reduced. She left Boston for her country home 150 miles away, as we supposed to die. I sent her a bottle of your Balsam, and soon had the satisfaction to hear that she was much better. She continued taking it for a while and got

ENTIRELY WELL

and is living now, which fact is to be ascribed mainly to the use of the **VEGETABLE PULMONARY BALSAM.** Very truly yours, JOHN CAPEN.

As there are many imitations, be careful to get the genuine. Price in large bottles, which are much the cheaper, $1.00; small bottles, old style, 50 cents.
